

Annual Golf Membership Contract and Worksheet

Please find attached information on annual golf memberships for the 2018 season. The attached worksheet will assist you in determining if an annual membership is the best option or if a 20 round punchcard or pay as you play will better suit your needs.

Please read the following restrictions carefully:

- Annual Memberships for the period of March 1, 2019 to February 28, 2020.
- Silver Annual Memberships - Good for play Monday thru Friday. Excludes outside tournaments.
- Gold Annual Memberships - Good for play everyday. Excludes outside tournaments.
- Company Annual Memberships- Good for play everyday. For up to four employees or owners of company. Excludes outside tournaments.
- Annuals are expected to make tee times and check in at proshop the same as daily fee golfers. If playing 18 holes you are expected to check in with the proshop prior to making the turn.
- Seasonal flooding occurs every winter at McKay Creek. Based on the average of the last 5 years we have opened for the season on March 10th and closed on December 19th. If the course is playable between flooding events we will be open for golf. The exact number of days the course is open is directly linked to the weather and varies from year to year.
- As an annual we expect that you will look out for the best interests of the golf course and set an example for all golfers at McKay Creek.

Please Fill out the information on the last page.

Thank You and Welcome to McKay Creek!
